### **Mission Statement**

The mission of Valley Alternative Learning Transitioning School is to empower students to meet the challenges of our changing world. Our setting will create engaging and empowering learning opportunities.

## **Philosophy**

The philosophy is based upon the belief that students have a right to a free, appropriate education; and students, when offered the appropriate environment, can experience educational success. The traditional educational model, effective as it may be for the majority of students, does not provide the right environment for some students. The Valley Alternative Learning Transitioning School will be student, rather than department centered. Its curriculum will be built upon state and district mandated standards.

## **Program Description**

Our alternative school is one that offers the same basic curriculum as the “traditional” school but uses alternative delivery methods. Just as some of us learn best visually, and others acoustically or kinesthetically, students’ unique characteristics cause them to learn best in situations that support their individual needs. While the structure of the alternative program may vary from site to site, the following common effective characteristics have been identified:

- Small size
- Sense of community among staff and students
- Individual educational planning
- Choices for delivery of instruction
- Autonomy and democratic structure
- Broad participation of family and community
- Well defined standards and expectations
- Focus on personal, social, emotional and academic development
- Accountability and constant evaluation
- Support of school districts
- School environment which is safe, disciplined, and drug free
- Opportunities for community involvement

Effective alternative schools serve a segment of the population whose needs differ from others. We are not exclusively a remediation or behavior center.

## **Program Goals**

The program goals are as follows:

- A. To provide alternative ways for students to achieve high school graduation resulting in an increased graduation rate.
- B. To develop innovative student performance assessments which measure student progress.
- C. To provide a caring, diversified learning environment where students will develop positive self-concepts, increase their self-esteem, and recognize and appreciate the correlation between education and success in the workplace.
- D. To be accountable to the community and the home school district through quality student achievement.
- E. To provide opportunities for community involvement.
- F. To provide a safe and orderly school environment.
- G. To provide an alternative diversified environment where students can achieve success.

## **Section II - Curriculum, Expected Outcomes, and Target Population**

### **Curriculum**

The academic program offers basic standards- based programs and career-oriented programs in Science, Social Studies, Math, English and communication skills. Socialization skills, job skills training, and problem solving are also emphasized.

Because the staff is small, we work together to help each student achieve the necessary requirements for grade level advancement and graduation. Each student's program is individualized to meet graduation requirements.

### **Expected Outcomes**

The expected outcome of the program are as follows:

- *Increased proficiency in basic skills*
- *Increased career/vocational exploration*
- *Increased skills in conflict resolution*
- *Increased appropriate career choices*
- *Increased student self confidence*
- *Increased student productive behavior*
- *Increased student attendance*
- *Increased student recognition of relevancy between education and employment*

### **Target Population**

Below are characteristics of at-risk students whose needs can be met through our alternative program:

- Students at risk of dropping out and/or not meeting cohort graduation date.
- Students who have exhausted the educational opportunities in their resident school.
- Students with a demonstrated need for consistency in instructional staff, curriculum, and/or scheduling.
- Students whose individual instructional pacing needs do not fit the traditional means of instructional delivery.
- Students whose educational success is, in part, dependent on non-academic support, e.g., flex scheduling, intensive counseling, child care, and health counseling.
- Students whose talents significantly exceed their performance.
- Students with deficiencies in basic skills.
- Students wanting to have a better chance to complete their education.

### **Section III – Application and Admission**

#### **Application Procedures**

Students wishing to apply for enrollment in the Valley Alternative Learning Transitioning School facility must submit a request to their home high school. The request must include the reason(s) the VALTS facility is being requested to meet the educational needs of the student.

All applications will be reviewed by the home high school administrative team (counselors and principals) to determine placement.

While all applications will be reviewed on an individual basis, placement priority will be given to junior/senior level students with a minimum number of credits needed to complete graduation requirements.

Placement on a waiting list will be necessary should the VALTS facility experience full enrollment. Priority for the waiting list positions will follow the same guidelines as placement in the facility.

### **Criteria for Admission**

- Referred by the student's home district.
- Expressed desire to be part of the program (self-referral).
- Expressed desire to achieve graduation.
- Referred by the home high school's counseling team and principal.
- If students have qualified for special education services, they must demonstrate one year of success in the regular education program of their resident district before qualifying to enroll in the VALTS program.
- Reasonable student expectation to complete the program within one year of graduation class. At a minimum, students should have completed enough of their home district's graduation requirements to be successful prior to entering the VALTS program.
- Agrees to abide by conditions and rules established for the program.
- Completion of a successful intake interview.

### **Academic Requirements**

Requirements for graduation from the Valley Alternative Learning Transitioning School will remain the same as for all other students in their home district.

When the student is admitted to the VALTS facility, the application will include the student's transcript, attendance records, State Assessment Scores and a listing of all courses required for graduation.

The VALTS curriculum is designed to help those students lacking the required credits to graduate with his/her class. It is not designed to be an accelerated option for traditional students to advance.

Students who are not on track to graduate with their cohort class are required to attend summer school. Summer school dates and times will be determined on an annual basis.

## **Section IV – Use of School Building and Grounds**

### **Building and Grounds Rules**

- I will respect all property.
- I will not loiter around school facilities.
- I will only have food or drink in designated areas.
- I will help maintain a clean parking lot and grounds area.
- I will leave all school grounds and work areas clean and litter-free.

- I will only use approved vehicles for field trips.

Violations of VALTS rules and regulations could result in the student receiving in-school suspension, out-of-school suspension, or expulsion from the program.

### **Asbestos**

Educational Service Unit #13 has completed and has on file at the Administration Office, each building's Asbestos Management Plan. This plan contains the results of all building inspections and response action necessary to either abate or encapsulate any asbestos-containing material. Each building plan is available for public inspection in the Administrator's office at the Scottsbluff Office (4215 Avenue I, Scottsbluff, Nebraska) and at the Sidney location (361 College Drive, Sidney, Nebraska).

### **Internet/E-mail Acceptable Use – Student**

The following are guidelines for acceptable use of the internet/e-mail:

1. The intent of the legislature is to provide educators and students with access on the internet/e-mail for professional growth opportunities, research and other educationally related experiences. ESU #13 recognizes some personal use of the internet/e-mail is appropriate, being mindful of excessive personal use limits access availability for others.
2. Transmission or reception of any material which is in violation of any federal or state regulation is prohibited. This includes, but is not limited to the following copyrighted material; threatening, harassing, pornographic, or obscene material; or materials protected by trade secrets.
3. Commercial activities, product advertising, and political lobbying are prohibited. Excessive personal use during the school day will be considered misuse.

  - f. Talk, write, and chat commands may be intrusive and should only be used after receiving permission from the other party. Personal information should not be given.
  - g. Classroom use will take precedence over individual use.
5. Users must respect the integrity of the system at all times. Students and staff should not intentionally develop or activate programs that harass other users, infiltrate a computer system, or alter the software components of a computer or computer system. These include, but not are limited to: viruses, forgoing e-mail, hacking, and attempting to use administrative commands,
6. Do not vandalize or destroy the data or hardware on any other system.
7. Security of any computer system is essential. Access to internet/e-mail is intended for exclusive use by authorized individuals. Any problems which arise from the use of an account are the responsibility of the account holder. Misuse may result in the suspension of the account privileges. This may include, but is not limited to the following:
  - a. Trespassing in another's work file.
  - b. Giving out your password or the password of others.
  - c. Attempting to log in to another individual's account.

Such software is called a bug, virus, worm, Trojan horse, or similar name.
- g. Users shall not engage in any form of vandalism of the technology resources.
- h. Users shall follow the generally accepted rules of the network etiquette. The ESU #13 Administrator or designee may further define such rules.

### **Personal Belongings**

Students are responsible for the safekeeping of all their personal belongings. Valuable items should not be brought to school or on school field trips.

### **Removal of Students and Interviews of Students**

It shall be the policy of ESU #13 to follow the policy of the school in which each individual student is enrolled with respect to the removal of students and interviews of ESU #13. In the absence of such a school policy, or when the school policy has not been provided to ESU #13, the following procedures shall be used.

#### 1. **Removal of Students by Law Enforcement Officials**

In dealing with law enforcement officials, ESU #13 employees are not to obstruct government operations or unreasonably refuse or fail to aid a peace officer, but are also to attempt to prevent undue interference with ESU #13 operations or educational programming.

A peace officer may in the line of duty require a student to accompany him for questioning or detention, either with or without an arrest warrant. A peace officer has the lawful authority to take immediate temporary custody of children under the age of 18 without a warrant or order of the court (1) when, in the presence of the officer, the juvenile has violated a state law or a municipal ordinance; (2) when a felony has been committed and the officer has reasonable grounds to believe the juvenile committed it; (3) when such juvenile is seriously endangered in his or her surroundings and immediate removal appears to be necessary for the juvenile's protection; or (4) when there are reasonable grounds to believe that the juvenile has run away from his or her parent, guardian, or custodian. A probation officer assigned to a student by a court also has the statutory authority to arrest a student in certain circumstances and that power is similar to the power granted to a peace officer by law.

If a peace officer or probation officer requests custody of a student who is at that time under the control and jurisdiction of ESU #13:

- a. The student should be released after appropriate measures are taken and documented to ensure that the officer has the authority to take the student.
- b. Upon releasing the student, the school in which the student is enrolled has a statutory responsibility to inform the student's parent or guardian of the removal. To assist the school in meeting this responsibility, the ESU #13 employee who has released the student shall contact an appropriate administrator or director of the school in which the student is enrolled. The Program Administrator or Program Director shall be informed of any circumstances that warrant a delay in immediately contacting the parent or guardian, such as information which suggests that immediate notification could interfere with the peace officer's performance of duties or create a dangerous situation for the student or peace officer.

In some cases there may be orders for custody of a student served by the FBI, a federal marshal, a postal inspector, another federal officer, state official or officers from the jurisdiction of ESU #13. While these officers may have authority to arrest and remove students, local law enforcement should be contacted and requested to participate in or monitor the removal.

A student should not be released to a private or "special police officer" who is not an officer of a Nebraska political subdivision or an officer of some agency of the federal government without consent of the student's parent, guardian or custodian.

## 2. Interviews of Students by Law Enforcement Officials

Unless a student is placed under arrest, a peace officer or probation officer will not be permitted to remove a student from the control and jurisdiction of ESU #13 for questioning unless permission of the student's parent, guardian, or custodian is obtained. Law enforcement officers should be urged to contact students outside the instructional day and off ESU #13 premises whenever possible. Questioning or interview of students in ESU #13 premises should only take place pursuant to the following guidelines:

- a. If an interview of a student is requested during school hours concerning an ongoing investigation of a crime not related to ESU #13, questioning should not take place until the student's parent, guardian, or custodian has been contacted, by either ESU #13 or by an appropriate administrator or director of the school in which the student is enrolled, and permission is given for such interviews. The consent should be documented. The presence of an ESU #13 employee during the interview is not necessary.

- b. If an investigator represents that an interview is necessary to collect information concerning an allegation of child abuse or neglect or an offense involving a family relation and it is clear that obtaining prenatal consent for the interview would be impossible or counter-productive, the interview may be conducted on ESU #13 premises without such consent. In these situations, an employee of ESU #13 or the school in which the student is enrolled should be present during the interview to ensure that the interview relates only to those matters specified by the law enforcement official.
- c. If the investigation relates to an incident which took place on ESU #13 school premises or during instructional time, it is not necessary to obtain parental consent for an interview. In these situations, an employee of ESU #13 or the school in which the student is enrolled should be present during the interview to ensure that the interview relates only to the incident which took place on ESU #13 or school premises or during instructional time or something which is directly related thereto.
- d. A probation officer assigned to a student by a court may be allowed the opportunity, on request, to interview a student on ESU #13 premises free from the observation of other children or individuals. In such situations, it is neither necessary nor desirable that an ESU #13 employee be present during the interview. It also is not necessary to obtain the consent of the parent, guardian or custodian for the interview.

### 3. Disclosure of Student Records

ESU #13 employees shall not, in the course of dealing with a peace officer or probation officer, disclose any confidential student records or information from such student records other than in response to a court order or subpoena or as otherwise authorized by state law and the Family Educational Rights and Privacy Act (FERPA).

### 4. Interviews of Students by Persons other than Law Enforcement Officials

Any person other than an employee or agent of ESU #13 or of the school in which the student is enrolled who comes to ESU #13 premises to interview a student or remove a student prior to the end of the student's instructional day must obtain permission of the Program Administrator or Program Director.

Permission to remove is not to be granted unless authorized by the student's parent, guardian or custodian or a person authorized by the student's parent, guardian or custodian.

Permission to interview is not to be granted unless that person has a clearly valid and proper reason and such is not disruptive to ESU #13 operations or the student's educational program. Ordinarily such contacts shall be restricted to the student's parent, guardian or custodian or a friend of the family when an emergency or other similar circumstance exists.

### **Searches, Seizures and Arrests**

ESU #13 property is held in public trust by the Board. ESU #13 authorities may, without a search warrant, search students, protected student areas, or vehicles driven by students parked on ESU #13 property based on a reasonable and definable suspicion that an ESU #13 policy, rule, regulation or law has been violated.

The search shall be in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the ESU #13 facilities. The furnishing of a locker, desk or other facility or space owned by ESU #13 and provided as a courtesy to a student, even if the student provides the lock for it, shall not create a protected student area and shall not give rise to an expectation of privacy with respect to the locker, desk or other facility.

ESU #13 authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to, non-prescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, vapes, weapons, explosives, poisons and stolen property. Such items are not to be possessed by students while they are on ESU #13 property or on property within the jurisdiction of ESU #13; while on ESU #13 owned and/or operated transportation; while attending or engaged in ESU #13 activities; and while away from ESU #13 grounds if misconduct will directly affect the good order, efficient management and welfare of ESU #13.

Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials. The Board believes that illegal, unauthorized or contraband materials may cause substantial disruption to the school environment or presents a threat to the health and safety of students, employees, or visitors on the ESU #13 premises or property within the jurisdiction of ESU #13.

The Program Administrator or Program Directors may release a minor student into the custody of a law enforcement officer upon presentation of a court order or warrant for the student's arrest, or to remove a student from the ESU #13 premises if the officer or Program Administrator or Program Director has reason to believe that the student has violated the law.

The Program Administrator, Program Director, or designee will immediately attempt to notify the parent/guardian or responsible relative of the student's removal from the ESU #13 premises and the place to which the student is reportedly taken, except in cases of child abuse.

The appropriate Program Administrator or Program Director of the school in which the student is enrolled is to be notified when items are discovered that would warrant discipline of the student under the school's student code of conduct.

### **Visitors to ESU #13**

The ESU #13 Board encourages parents and other district citizens to visit ESU #13 programs and classrooms at any time to observe the work of students, teachers and other employees. All visitors, which includes persons other than employees or students, must notify the Program Administrator or Program Director of their presence in the facility upon arrival and request authorization to visit elsewhere in the building.

Persons who wish to visit a classroom while ESU #13 is in session are asked to notify the Program Administrator or Program Director and obtain approval prior to the visit so appropriate arrangements can be made and so class disruption can be minimized. Teachers and other employees shall not take time from their duties to discuss matters with visitors.

Visitors shall conduct themselves in a manner fitting to their age level and maturity and with mutual respect and consideration for the rights of others while attending ESU #13 events. Visitors failing to conduct themselves accordingly may be asked to leave the premises. The Board, Administration and Directors will not tolerate any person or persons whose presence disturbs classes or ESU #13 activities or hinders the instructional process. Children who wish to visit ESU #13 must be accompanied by a parent or responsible adult.

It shall be the responsibility of employees to report inappropriate conduct. It shall be the responsibility of the Program Administrator and Program Directors to take the action necessary to cease the inappropriate conduct. If the Program Administrator or Program Director is not available, an ESU #13 employee shall act to cease the inappropriate conduct.

The Board discourages using ESU #13 as a site for parents without custody to visit their children. The onsite supervisor may deny the parent without custody the opportunity to deliver packages, gifts, messages, etc., to the child and/or to see the child during the program day without the approval of the custodial parent or legal guardian. In this paragraph, "without custody" means the parent lacks joint legal custody under Nebraska law.

ESU #13 may restrict the use of its buildings and grounds or restrict access to ESU #13 property by issuing no trespassing commands and/or stay away/ no trespassing letters when deemed necessary by the Program Administrator or Program Director when any individual or group:

1. Is determined to present a risk to the safety of others
2. Presents a disruption to the learning environment
3. Fails to follow proper check-in and identification procedures
4. Does not have a legitimate purpose to be present on ESU #13 grounds or activities

In the event a person prohibited by this or other board policies is on ESU #13 property or is attending an ESU #13 sponsored event, the Program Administrator or Program Director will tell the person he or she must leave and will notify the person they are not permitted back on ESU #13 property, except if their presence is required by the ESU #13. The Program Administrator or Program Director may contact the proper legal authorities if necessary to enforce this policy and may file a report or sign a complaint on behalf of ESU #13.

## **Section V – Attendance**

### **VALTS Attendance Policy**

#### **Absences**

- Students are expected to attend school every day school is in session. Students are required to follow the state mandated attendance policy:
  - All work due to absences must be made up.
  - If a student has a prearranged absence, missed work should be completed before the student is gone.
  - If students leave the facility without permission, they must make up work for the class they missed the following day.

#### **Tardies**

- Students are expected to be in class every day and to arrive on time. These simple habits are the top two skills required by employers. Punctuality is important in all careers.
  - Tardy = Not in seat when class starts.
  - Students need to manage their time wisely.

## Section VI - Scholastic Achievement

### Academic Integrity

#### A. Cheating and Plagiarism

Cheating and plagiarism violate the standards of academic integrity. Sanctions could be imposed against students who engage in such conduct.

- "Cheating" means intentionally to misrepresent the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to the following: tests, advanced information, use of unauthorized materials, use of another student's answers, use of another student to take a test, misrepresenting the need to delay a test, and failure to contribute to group projects.
- "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works.

#### B. Sanctions

- Academic Sanction: The instructor will refuse to accept the student's work in which the cheating or plagiarism took place, and require the student to complete another assignment, test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement assignment, test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
- Report to Parents and Administration: The instructor will notify the Principal of the offense, and the instructor or Principal will notify the student's parent or guardian.
- Student Discipline Sanctions: Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor. Such additional sanctions will be given strong consideration if a student has engaged in a serious or repeated academic integrity offense or other rule violations, and if the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic violations.

## Section VII - Support Services

### Dispensing Prescription and Non- Prescription Medications

The administration of **prescription and non-prescription** medication to students is to be limited to medications that must be taken while students are participating in ESU #13 programs or otherwise under the control and jurisdiction of the ESU #13. All medications administered by ESU #13 personnel should be administered in accordance with the Medication Aide Act.

If at all possible, all prescription and non-prescription medications should be given at home outside of school hours by the parent or by other responsible parties identified by the parent. However, ESU #13 recognizes that some medication regimens necessitate the administering of medication during school hours: therefore, a safe and effective means of administering the medication is required.

1. **Authorizations for Prescription Medications:** Prescription medications may be administered when the Medication Administration Form is on file with ESU #13 and meet the following:
  - a. **Physician's Authorization:** A physician's signed, dated authorization including name of the medication, dosage, administration route, time to be given and reason the student is receiving the medication.
  - b. **Caretaker's Authorization:** A caretaker's signed and dated authorization or permission to administer the medication during school. (Note: All references to "caretaker" in this policy shall mean a parent, foster parent, family member, or legal guardian who provides care for the student for whom medication is to be administered. The laws include a "friend" as a caretaker, but the school will not ordinarily recognize such an individual as a "caretaker" for the purposes of medication administration.)
  - c. **Original Packaging:** The medication is in its original packaging and is labeled as dispensed by the prescriber or pharmacist. The label must name the student and identify the medication, strength, time interval and route to be administered. If needed, the physician may be contacted for clarification **and a corrected label must be obtained if orders differ from those listed on the packaging.**
2. **Authorization for Non- Prescription Medications:** Non- prescription medications may be administered provided that a caretaker's authorization is provided in the form established by the Administrator or Administrators designee and the medication is in its original packaging.

3. Renewal of Authorizations: Medication authorizations must be renewed annually and updated immediately as changes occur (*ie. Change in dose or medication*).
4. Documentation: Accurate medication administration records are to be kept and maintained. ### **Student Dress Attire and Appearance (Dress Code)**

The educational climate of the school is affected by student appearance. As a result, administrative prerogative is reserved for judgment in cases of student dress that could be considered immoral, immodest, or in any way distracting or offensive to students, teachers, or staff. Students at Valley Alternative Learning Transitioning School (VALTS) are expected to come to school being neat and clean. An individual's dress, personal appearance, and cleanliness, like his/her behavior, should reflect sensitivity to and a respect for others. The dress and grooming of a student do have a relationship to attitude and work habits, as well as interpersonal relationships with faculty, staff, and classmates. Hence, appropriate dress and grooming can have a positive effect on school.

Student dress and grooming should be in good taste and appropriate for the occasion. It should reflect consideration for safety, health precautions, cleanliness, neatness, and academic endeavor.

**The following are examples of clothing and/or jewelry that will NOT be allowed:**

1. Clothing that is immodest or unnecessarily distracting to the learning environment
  - A. BOYS: shirts with no sleeves, tank tops, muscle shirts, mesh shirts, etc.)

3. Clothing that is in any other way disruptive to the educational process. (Torn or soiled clothing, gang related apparel, jeans with excessive tears, apparel described above, etc.)
4. Shorts may be worn as long as they are in good taste and not excessively short or tight.
5. Proper footwear should be worn at all times. Health laws require that shoes be worn at all times while in school. Slippers should not be worn to school.
6. Outdoor clothing such as backpack, book bags, sunglasses, hats, jackets, or coats must be stored in the assigned lockers during school hours.
7. Hats, bandannas, or head covers of any type (hoods, etc.) are not to be worn in any fashion in the classroom during regular school hours. This rule applies to both girls and boys. Hats are to go in the student's locker when they enter the school and stay there until the student leaves the school.
8. Any articles that could cause injury to others such as spikes, chains, etc.

**\*Clothing must be Appropriate, Modest, and Clean\***

The Director/Principal has the final discretion in making the decision of what is a disruption. The Director/Principal and Staff will determine if a student is wearing inappropriate clothing. The student will be asked to change clothes and/or cover the inappropriate clothing or have parents bring appropriate clothing for changing.

#### **Fire Drill Procedures**

In compliance with State Fire Marshal regulations, VALTS will hold fire drills. **VALTS News Coverage/Web Publications Authorization**

**Return this form ONLY IF you DO NOT want your child to be included in any publicity that a classroom or regular school program might receive.**

Reporters from local newspapers, television stations, and radio stations frequently visit schools to gather information and pictures for stories on a variety of topics (profiles on new school programs, stories about outstanding students and teachers, parent/student issues, news such as new standards and policies).

Occasionally, due to family, legal, or other reasons, parents and legal guardians prefer that their children never receive publicity. We ask that those parents and legal guardians sign and return the form below. Signed forms returned to us will be kept on file at ESU #13 and referred to when members of the media visit the school. Reporters and photographers will be asked to avoid featuring any children for whom this form is on file.

*Please note that this procedure cannot apply to public events or programs for which children must register.*
