

Certificated/Professional Personal Growth Plan

Mission Statement

Achieving educational excellence for all learners through strong partnerships, service, and leadership. By:

- Collaborating with schools, families, and communities
- Serving with equity, efficiency, and integrity
- Communicating effectively
- Leading with innovation

ESU 13 Goals

- Develop and implement comprehensive supports to identify, acquire, enhance, and combine resources (financial, staffing, etc) available to best serve our schools and communities.
- Serve as a unifying force to connect schools, students, and families with appropriate level services in the areas of mental and behavioral health.
- Continue to grow as leaders in best practices in education and legal issues that impact education.
- Develop a model to support school districts with the implementation of a multi-tiered system of support to meet the unique needs of students of all ages within the member school districts.
- Be well known and understood by internal and external stakeholders.
